It covers only 68 out of the 165 sectors operated by Indian Airlines.

Fare increase	No. of sectors
0—5%	9
5—10%	20
10—15%	39
Total:	68

On competitive routes in Category II, fares have been kept lower than competitors by about Rs. 100/- to Rs. 400/-.

Fares have been lowered to pre-25th May, 2001 on 3 sectors effective 28th June, 2001.

(c) It is expected that fare fixation under the new policy would have positive impact on the revenue of the Company in the range of 5% through better utilization of capacity and improved yields.
